CITY OF TOLEDO
Outdoor Public Events, Entertainments
and Assemblies Permit Application

Overview
The City of Toledo appreciates your interest in organizing an event in the City. Completing and following
the conditions of this application ensures the event is approvable, safe and is considerate of your neighbors.
Toledo values special events as a means of bringing people together to enrich lives and strengthen the
community through the celebration of arts, culture, commerce and more.

Per Toledo Municipal Code (TMC) Chapter 8.12, a special event means any outdoor event, entertainment,
amusement or assembly of persons which would probably attract fifty (50) or more persons.

Some examples of common special events are: running events, street fairs/festivals, cycling events, and
family reunions. The City of Toledo regulates these types of events to ensure the safety of the event
participants, spectators and the general public and to minimize inconvenience to the general public and
disruption of public services.

Purpose
The purpose of this policy is to clarify the use of the public rights-of-way and City property for special events;
to minimize City expenses associated with special events; to provide options and minimize expenses for
special event organizers; and to minimize safety risks to the event participants and the general public.

The use of City parks and/or buildings for private events may require that a separate Facilities Use
form be completed and submitted.

Permit
Permits are required for all special events conducted on publicly owned property or facilities. An event may
require additional permits from other agencies or organizations. It is the responsibility of the event organizer
to assure that all required permits are secured prior to their event. Applicants requesting use of roads under
the jurisdiction of Lincoln County or Oregon Department of Transportation (ODOT) must secure a permit
from the appropriate agency in addition to a permit from the City of Toledo.

Application Instructions and Deadlines
The application for a Special Event Permit is available online at www.cityoftoledo.org.

1. Applications are accepted as of January 1 for the current year’s events.
2. Applications must be received by the City at least 40 days prior to the event. Including all required fees,
certificates of insurance and other required documentation.
3. Outdoor/Special event requests cannot conflict with City programs or activities.
4. Events are scheduled on a first come, first served basis. You are encouraged to submit your
application as early as possible to ensure enough time is available to review your application.
5. The Outdoor Event Permit application requires a review by multiple departments and the review period
may take up to 60 days depending on the size and nature of the event. Your application may be
denied if it is determined that you did not comply with all the criteria or not enough time is available to
thoroughly review your request and work through issues and concerns. NOTE: Street closures are
subject to City Council approval, and may require additional time to process.
6. Special event structures may be erected in conjunction with an Outdoor event, however, a separate
temporary use application must be completed and all the criteria met as outlined in TMC, Chapter
8.080.60.
7. For event requests to use Memorial Field - use the map to illustrate and detail proposed map including,
locations of food booths, porta potties, vendor booths, etc.
8. Applications may be submitted by e-mail to lisa.figueroa@cityoftoledo.org or by mail or hand delivery
to: City of Toledo – Special Events, Attention City Recorder, 206 N. Main Street, Po Box 220, Toledo,
OR 97391
Fees
All required fees for facility use, street closure, alcohol permit, etc. must be received when the application is submitted.

Event Requirements
If the City determines that an event may have a potential significant impact to a site and/or be for large scale commercial use, certain items or conditions may be required for the event. These may include items such as, trash and litter pick-up, recycling program, signage, promotional materials, security, traffic control, portable restrooms, first aid, etc.

Meeting with City Staff
After receiving the completed Special Event Permit, a meeting between City staff and the applicant may be required so both parties can review the application and plans, to be clear on the expectations and limitations.

Street Closures
All applicants requesting a street closure are required to submit a traffic safety plan indicating the locations of barricades, traffic safety cones, event signage, restricted parking signage, and traffic control locations where flaggers will be used. City staff will review the route and traffic safety plan to determine if the plan is complete and addresses all traffic and parking issues. The event organizer is responsible for submitting the traffic safety plan and securing and placing barricades, signage, cones and flaggers at each designated location.

The City has a limited number of barricades which may be loaned out, depending on availability. City Staff will coordinate with the event organizer to determine availability prior to the event. If barricades are not available for check-out, the event organizer will be responsible for providing required barricades for the event, at the applicant’s expense.

Notifications
For events which have obtained an approved Street Closure Permit, the event organizer will be responsible for notifying and/or getting approval from the adjacent properties, businesses and/or other organizations such as the Lincoln County (LC) School District or LC Transit to the event location, as determined by the City.

Public Safety and Security
Safety of participants and the general public is the highest priority. The final decision on public safety requirements rests with the City of Toledo and may be a reason for denial. Security may be required at the applicant’s expense. The applicant is responsible to coordinate necessary security and provide plans for review and approval by the City. The City reserves the right to deny an Outdoor Event permit and reserves the right to shut down the event when, in the opinion of the City Manager and/or Chief of Police, it is deemed necessary in order to ensure public safety. Depending on the size and type of the event, a first-aid station and/or emergency medical technician may be required at applicant’s expense. Private Security must be certified and licensed as an Event and Entertainment Professional by the Oregon Department of Public Safety Standards and Training.

Venue Setup
As part of the application process, a site plan for your event may be required. The site plan will determine the placement of stages, vendor booths, portable toilets, trash totes, vehicle access routes and parking, utility hook-ups, alcohol sales and consumption location, etc. Venue set-up must meet all requirements set forth by the State Fire Code and/or the City of Toledo, and is the responsibility of the applicant.

City staff will coordinate all items with the event organizer and will be involved as expressly set out in the Special Events Application. Plans will be reviewed for compatibility with other scheduled events at the same venue or in the same vicinity. If the City determines events are incompatible, the application will not be approved.
Beer & Wine Gardens
Alcohol may be served in conjunction with a special event only in an approved beer and wine garden, under the following conditions:
1. The applicant has obtained a special retail beer or wine license from the Oregon Liquor and Cannabis Commission (OLCC) with City approval for the plan.
2. The applicant must pay the fee set by City Council Resolution.
3. The applicant must submit a certificate of liquor liability coverage as specified in this policy.
4. The event organizer is responsible to assure that all OLCC and City of Toledo regulations are observed and followed.

Sanitation and Clean-up
The permit application may require the applicant submit a plan for clean-up. Depending on the size and type of event, additional trash and recycling receptacles may be required at applicant’s expense. Applicants shall be responsible for removing trash and recycling from the location unless otherwise approved by the City. The City may supply trash/recycling receptacles and bags. Hand washing stations are recommended.

Insurance Requirements
A certificate of liability insurance is required for all special events. An applicant must furnish the City of Toledo with a certificate of Commercial General Liability in the amount of not less than $1,000,000 per occurrence and $2,000,000 aggregate, specific to the event naming the City of Toledo, its officers, agents, employees and volunteers as an additional insured by endorsement and provide 30 days’ notice of cancellation or material modification. The additional insured insurance shall provide the City with primary and non-contributory coverage. A copy of the certificate must be on file at least 30 days prior to the event, or the application will be cancelled. If alcohol will be present at the event, Host Liquor Liability in the amount of $1,000,000 per occurrence is required. If alcohol is to be served or sold where an OLCC permit is required, liquor liability coverage in the amount of $1,000,000 per occurrence is also required. The City may require additional coverage depending upon the nature of the event. The City reserves the right to increase coverage minimums.

Additional Permits Required
The event may need additional permits or waivers from other jurisdictions or governing bodies. The following questions will help determine if the event may require additional permits.
