

CITY OF TOLEDO
PUBLIC MUNICIPAL BUDGET REQUEST

City of Toledo Mission:

To provide efficient and necessary public services that protect and enhance the quality of life in Toledo, now and in the future, as determined by citizens, law and available economic resources.

This form is designed to help Toledo citizens make recommendations for inclusion in the City budget. Residents are encouraged to use this form when suggesting items for the budget. Each Toledo annual municipal budget covers a fiscal year, July 1 – June 30. Consideration of the following fiscal year budget begins each January; so your proposal has a better chance of being included if submitted early in the calendar year, before the draft annual budget is completed. Please note that the City of Toledo has no un-appropriated or "extra" funds: any funding proposal can be included in the budget only if another activity is cut. City funds fall roughly into three categories: Water and Sewer services are funded through enterprise funds from utility payments; these funds can be used only for these functions. The City's General Fund covers all other activities, with minor exceptions.

If your proposal would fund a non-profit or charitable organization, please submit an application to the annual City contribution effort rather than using this form. This effort begins each January, with decisions on charitable contributions made prior to adoption of the budget.
